PROFESSIONAL SUMMARY

Computer Science Engineering graduate with knowledge of **Core Java, Object-Oriented Programming, JDBC, Servlets, Spring Boot, Spring MVC, Hibernate, JPA, and SQL**. Hands-on experience developing **Java-based web applications using MVC architecture, CRUD operations, and REST APIs**. Developed and deployed a **full-stack online examination platform using Spring Boot and MySQL**. Familiar with frontend development **using HTML, CSS, and JavaScript, along with API testing using Postman**. Seeking an entry-level Java Full Stack Developer opportunity to apply technical skills and contribute to software development projects.

TECHNICAL SKILLS

- **Programming Languages** : Java
- **Core Java** : OOP, Exception Handling, Collections, Multithreading
- **Backend Technologies** : Spring Core, Spring MVC, Spring Boot, Spring JDBC, JDBC, Servlets
- **ORM & Persistence** : Hibernate, JPA, Spring Data JPA
- **Web Technologies** : HTML5, CSS3, JavaScript, Bootstrap
- **Database** : Oracle SQL, MySQL
- **API Development** : REST APIs, JSON, Postman
- **Tools** : Git, GitHub, Maven, Eclipse, VS Code

PROJECT

IT-MockExams – Online Mock Examination Platform| IT-MockExams.com | GitHub **2026**

Technologies: **Java, Spring Boot, Spring MVC, Spring Data JPA, Hibernate, MySQL, HTML5, CSS3, JavaScript**

- Developed a full-stack online examination platform that allows students to take subject-specific mock exams and evaluate their performance.
- Implemented an admin module to create, manage, and activate exams with configurable durations and question counts.
- Developed REST APIs using Spring Boot to manage exams, questions, student authentication, and exam submissions.
- Integrated MySQL with Spring Data JPA and Hibernate for database operations and data management.
- Designed a responsive frontend for student and admin modules using HTML, CSS, and JavaScript.
- Implemented exam timers and functionality to prevent students from retaking the same exam.
- **Deployed the application using Railway.**

Naren School Website|Website: nAren-school.com |GitHub **2026**

- Developed and deployed a responsive school website using HTML, CSS, and JavaScript with Home, About, Gallery, Admissions, and Contact sections.
- Implemented interactive UI components and client-side functionality using JavaScript.
- Designed a user-friendly, mobile-responsive interface for seamless access across different devices.
- **Deployed the website on Netlify and made it publicly accessible for real-world use by the School.**

EDUCATION

B.Tech in Computer Science & Engineering 2022 – 2026
Malla Reddy Institute of Engineering and Technology • **CGPA: 8.23**

Intermediate in MPC 2020 - 2022
SR junior College • **Percentage : 72%**

SSC 2019 - 2020
Oxford High School • **CGPA: 9.0**

CERTIFICATIONS

- Java Programming Fundamentals – Infosys Springboard
- Cambridge English Empower – Cambridge University
